

Operating Financials

2022 Impact Report

Eversight has changed lives for more than 75 years. We partner with individuals, surgeons, researchers, advocates, Lions Clubs and other organizations in communities around the world to provide access to life-changing eye care. Thank you for helping Eversight build a strong foundation for the next 75 years.

Eversight's 2022 operational revenue exceeded expenses by \$1.5 million. However, our investment portfolio was impacted by a global market downturn and lost \$2 million in value. These negative net investment earnings mean our 2022 net income is also negative.

Rest assured Eversight continues to operate in sound financial health, with positive operating revenue and a total investment portfolio value that exceeded \$14 million in 2022. As a 501(c)(3) charitable organization, this financial position further strengthens our long-term viability to continue delivering on our mission: to restore sight and prevent blindness through the healing power of donation, transplantation and research.

Revenue	
Program service fees	\$25,234,526
Public support	\$1,037,831
Total	\$26,272,357

Program services	
Tissue recovery & preparation	\$17,554,600
